Are you surprised?
Jealous?
She's also cute to boot ♡

I don't...!!

Truth is,

at school...
I am a man
of principles.
I have
decreed that

anything to
her until
she safely
graduates
from
high school!!

I am a man, after all...
THIS IS MY DAILY, DIRTY ROUTINE ...!
STARE
THAT HUSBAND OF MINE, WHY DOESN'T HE JUST JOIN ME IN HERE? ♥
SHE DOESN'T NOTICE, SHE DOESN'T NOTICE
...is what I said Please forgive me, oh cute wife of mine!!

OKUSAMA WA JOSHIKOUSEI MIYOKO BRAND 1

HIYOKO KOBAYASHI

AUTHOR'S NOTE

Now that I think about it while another work was being published and I was having writer's block, my previous boss Usshi-, who liked to give me too much work, said to me "Well let's draw something Can you do a foursome? Then let's do that!" And that is how this project started.

Eventually I had intended to publish a manga, so this project was merely "Something I could do on the side of my actual work." But after I worked on it a little, it became my 'actual work.' And for some reason, this one project of mine that I had waited this long to draw that became such a beautiful book in such a short time and even became a game I have much to be thankful for

Actually, I really enjoy drawing pictures of regular everyday lives like those that are in this book, so I thought it would be fun to paint such a story with "Asami chan." Sure it's a little Ecchi and a very simple un-stylish yet nostalgic setting It would be nice if I could continue to draw such scenes You should enjoy the lovey-dovey lifestyle of Asami-chan and her husband as if you are married yourself (^ ^)

Unfortunately I draw slowly and make outlines poorly and my proofing strategy is horrible. Even in making this book, I couldn't keep myself doing one thing at a time like I'm looking at the colouring right now and think "Ack, I should've done this and that here and there~~~" and finding other random 'mistakes' (Someone, please get this manuscript out of my hands so I can't mess it up anymore~~~)

I think my current boss is suffering a lot It is thanks to his picky and detailed pointers that this project is what it is today. It feels like I'm being grabbed by the scruff of my neck (^ ^, (Yes, I'm talking about the Kobayashi that people call "The Sakhalin Dog"!)

If this book can make it through publication safely it's all thanks to my boss

Sincerely, Odahara (just kidding)

and so, here it is! It's finally in circulation (^ ^ Manga #1 was released along with a box version, though they are the same thing Didn't we also release limited and normal versions? Anyway, I'd like to thank my boss Mr A, the designer Mr S, and to all of you who bought this book !!

Sincerely, Odahara (I'm persistent)

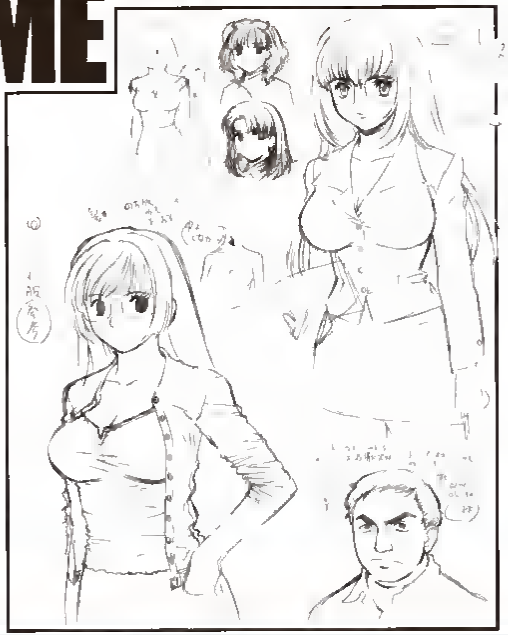
GAME

PS2からドリームキャストへ移植!!



ヤングジャンプ本誌で初めて『麻美ちゃん』を描いたとき、それをたまたま見て下さったというゲーム会社データム ポリスターさんが連絡をくれまして、この企画がスタートしました。

ゲームは自分で作ってるものじゃないし、漫画の『麻美ちゃん』とは別ものだと考え、なるべくうるさく注文しないよう、皆さんの志気を下げないようにしようと思って、最低限の関わりをしていこうと心掛けました。

ここに出したものは、女の子のサブキャラクターと、そのコスチューム、それから麻美ちゃんのお父さんのデザインのラフです。他に「麻美ちゃん世界」の大まかな設定とイメージなどを。ひと通り書き出したものをお渡しして、後はどうしても気になるとこだけ言ったたけで、ほぼお任せにした感じです。

TRANSLATOR'S NOTE

I WANNA BE MARRIED TO ASAMI-CHAN!!!!!!! >.<

So yeah. I came to Yanime only a couple (few?) months ago. I had taken a 3-4 year break from translating, and now that I'm in college. I somehow have time to start it up again.

When I first came to Yanime, they threw Distorted Breasts (aka Gakuen Heaven) at me, saying that they couldn't find people that could stomach the horrid, horrid Hentai parts in it. Well I said "I'm up to the challenge." I put up a good fight.

Not soon after the almighty Plum asked if I was interested in doing a side project that wasn't part of Yanime, but something he'd been wanting to do for forever. I said sure, and I took a look at Asami Boobies (aka My Wife is a High School Student). It was love (fanboydom?) at first sight. I enthusiastically said I'd do it.

Asami Boobies was nice to translate cuz most of the chapters were 4-6 pages long, sometimes shorter, so I could do each chapter during class (I didn't, really >.>). Plum wanted to finish the first book by Christmas, which I thought would be easy enough, but then they pummeled me with Mai Hime, so I had three projects on my hand. Luckily, I had translated 3 chapters of GH in my first 4 days of being in Yanime (wanted to have good first impression ^_^), so I could put that aside for the moment. Mai Hime was a totally different translating experience, what with SFX translations galore, so I tended to do more Asami Boobies than my actual work in Yanime :p. I'm sure it will pay off in the end.

Unfortunately, we couldn't release volume 1 by Christmas, mostly due to my unwillingness to translate the 35 page chapter at the end, and this stupid Author's Note. If you want the rest of the volumes to go faster, PM me words of encouragement! (天)

Sincerely, Kechi

EDITOR'S NOTE

SKANKY PANKY!!!! (^.^)y~~

Wow, so we're finally done the first volume of HIYOKO BRAND. This has been a long journey for us, especially since I'd been looking to work on this one for a while. I had bought the books back in June, but it wasn't until November with Kechi joining the ranks of Yanime, did the realization of this project start to come together.

Though I was asked if I wanted to release this under Yanime in the end, I thought it was better to release on my own. There were pros and cons to releasing with a well established group, but in the end, I felt it was better to not add yet another project to a group that still needed to finish current projects, such as Ichigo 100% Addicted to Curry, Gakuen Tengoku (Gakuen Heaven), Mai-HiME, etc. and so PlumCity came to be. It's more of a place for me to do personal side projects at my own pace so that it doesn't impact with the rest of Yanime.

More often than not, I find we fall into the trap of not having fun doing what we're doing anymore (ie. I WANT MORE ICHIGO! GIMME GIMME GIMME! YOU OWE ME!!!) so I wanted HIYOKO BRAND to be something those of us who worked on it to have fun doing. Just work on it whenever we felt like it. I just hope the rest of the staff don't hate me too much for sometimes pushing for things to be done when they might not have the time to do it.

For those who are fans of Yamme's projects, fear not. We are still members of Yamme's staff, and are commited to bringing out quality releases.

For those who enjoyed PlumCity's first release, this volume of HIYOKO BRAND look forward to more "Asami Boobies" and perhaps new projects in the future.

We'll be back!

Sincerely, da MiGHTy pLUm!

P.S. And Kechi, sorry about putting Mai-HiME on your plate. We'll find new slaves soon... I hope...

PROOF READER'S NOTE

KITA~~!!!

Well this sure has been a wanderful ride. I'd certainly like to find out everyone's opinions about this first volume since it's somewhat more graphic than the rest of the series. So if you can, drop us a line at our IRC channel.

As for the story of how I got involved with the project, well... Firstly, the three of us are Yanime staff, so we know each other through there. When plum asked if I wanted to work on another series, I was a little hesitant - I already had a few other series I was working on. But after finding out what series plum had in mind, as well as checking out some scans, I couldn't refuse this chance.

This project has to be one of the easiest and most rewarding series to have worked on. Aside from Asami-chan's standard introduction, most of the chapters in this volume have been 5 pages long, so working on it has been a breeze! And we all secretly love Asami-chan now that we've seem her almost completely nude. It kindo makes you wish you were seventeen again, doesn't it? :P

I feel great knowing that my rant is the closest to Asami-chan - don't you just want to hug her?! It's almost as if my life serves a greater purpose - where I have to go to Japan (and live there) and marry a seventeen year old. Hmm, that's not a bad idea now that I think about it. I wonder...
Sorry. I kinda let my wild imagination get the better of me sometimes.

As for the thanks list - well there isn't much I can say. Of course I'm thanking plum for everything he's done on the series (which is a good 80%). Kechi, you're a great translator, keep up the good work! And then there are the readers (that's you :P). I'd like for everyone who has enjoyed this first volume, to tell their friends about the series. We already love the series so much and want you and your friends in on it too :)

Last but not least, I'd like to add a special thanks to AlphaUltima and BigBlackAfrica who QC'd for me while I was out of commission. Thanks for your help guys, and sorry to have made you do it, but I hope it was a fun experience :)

Anyway we hope you have enjoyed Hiyoko Brand as much as we have enjoyed working on it and don't forget to stay tuned for future releases from PlumCity! Hell, I can't wait either!

Sincerely, Loserbait
